

Onsite Covid Safe Plan

Essential Service

Stenhouse lifting Equipment Pty Ltd (Stenhouse) is classified as an essential service both on a federal and state level. Providing essential services and products to multiple utilities sectors, defined as essential by the Disaster Management Act 2003 (QLD) across Southeast Queensland.

Staying Up To Date

Stenhouse maintain currency on developing Covid 19 situation daily (as a minimum). Information is sourced directly from State and Federal Government. Our Covid Safe Plans are updated based on the current Public Health Advise

Onsite Protocol

Stenhouse has implemented the following procedures to maintain health and wellness of our Service Technicians and Clients:

To ensure safety to our staff and yours, Stenhouse instigated the following onsite procedures:

- Our Service Technician is to have limited contact with client staff. Ideally only the designated site contact or nominated individual.
- When working in a shared space, the Service Technician will maintain social distancing as required by current Public Health Directives.
- Wear a mask when dictated by Public Health Directives and Site requirements.
- Utilise all check in procedures as defined by Public Health Directives.

Our Service Technicians will:

- Maintain good hygiene: clean their hands often with disinfectant wipes/hand sanitiser, wash their hands with soap and water where access allows, cover their coughs/sneezes with elbow or tissue, and avoid touching their eyes, nose and mouth.
- Utilise only their personal equipment including hand tools, iPads and tags.
- Follow all Public Health Directives.

Stenhouse Service Technician will not attend site:

- If they have returned from a Queensland Government declared Covid 19 Hotspot within the timeframes dictated by Public Health Directives - [COVID-19 hotspots | Health and wellbeing | Queensland Government \(www.qld.gov.au\)](https://www.qld.gov.au/health/conditions/diseases/covid-19/hotspots)
- Attend site If they are displaying any symptoms associated with Covid 19 and awaiting are awaiting their test result. e.g sore throat, coughing, fever or respiratory distress.
- If they have had close contact (as defined by public health) with a person diagnosed with COVID-19 in the last 14 days.
